REBELLION IS NOT CONFORMITY;
IT'S THE ART OF DEFYING THE ORDINARY.

WELCOME TO THE HOME OF THE
AUDACIOUS WHERE THE NORM IS
CHALLENGED, AND THE EXTRAORDINARY
IS EMBRACED. CUPRA TAVASCAN
ISN'T JUST ABOUT ACQUIRING A CAR;
IT'S ABOUT ADOPTING A BELIEF: THAT
ELECTRIC CARS CAN IGNITE PASSION,
AND THAT THRILL IS ACHIEVABLE
WITH ELECTRIC MOTORS. JOIN THE
MOVEMENT WHERE DRIVING BECOMES
AN EXPERIENCE, AND SPORTINESS IS
REDEFINED. THE CUPRA TAVASCAN
SETS ITS TARGET AS A REBEL AMONG
THE ORDINARY. IF YOU RESONATE
WITH REBELLION, THEN YOU'RE PART
OF OUR TRIBE.

BEAUTY

In a world where being one of the few means being one of the only ones, beauty finds its true meaning. There you will find us thriving, because we know that there is no result without process, no reward without sacrifice. We are the architects of change, rearranging the pieces, forging new paths, pursuing excellence and revealing a greater truth. We have produced a masterpiece of effort that exhibits pure, authentic beauty: our CUPRA Tavascan.

EXTERIOR STYLING

CAPTIVATING FRONT LIGHTS

The new CUPRA Tavascan front bumper heralds an exciting era of design, marrying illumination and identity, with the CUPRA logo shining forth, signalling a visually captivating arrival.

COAST-TO-COAST ILLUMINATION

Flow from end to end with the Tavascan coast-to-coast rear lighting, a continuous gleam that weaves elegance with a glowing central CUPRA logo.

INTERIOR STYLING

AMBIENT CABIN LIGHTS

Inside the Tavascan, ambient lighting sets a harmonious and technologically savvy scene, strategically placed to cultivate an immersive driving environment.

OPTIMIZED CENTRAL SPINE

The Tavascan interior is a masterpiece of design, with an elegant central spine and a copper touch. This ensures an intuitive control and a driving experience that's both powerful and confident.

POWER

What have we accomplished? We've meticulously assembled the right pieces, fueled by a vision of defying the norm, of turning rebellion into reality—never fully grasping the magnitude of what was to come. Drive into the realm of electrifying performance with the new CUPRA TAVASCAN, this isn't just a car, it's the manifestation of power, speed and innovation. Experience the exhilaration of acceleration, the precision and future of driving all in one

“Join the revolution. Embrace the power. This is more than just driving; this is the future”.

BATTERIES

TAVASCAN ENDURANCE UNLEASHED

Traverse further with confidence; Tavascan's robust 77 kWh battery and rear-wheel drive invite you to explore an impressive 568 km range of dynamic, efficient driving.

POWER

TAVASCAN VZ POWER

With its 77 kWh battery and dual-engine 4 wheel drive, the Tavascan VZ surges forth with a 250 kW thrust, offering safety and unrivalled dynamic performance across an impressive 522 km range.

Our global range of cars and product specifications varies from country to country. Please, visit your local CUPRA website to know more about the product offer available for you.

INNOVATION

Step into the future. CUPRA TAVASCAN is a manifesto of future driving, combining innovation and sustainability. Pushing the limits and challenging the norms, this electric drive redefines what it means to drive. From its cutting-edge technology to its futuristic design, every aspect of this car ensures a smart and comfortable ride.

Our global range of cars and product specifications varies from country to country. Please, visit your local CUPRA website to know more about the product offer available for you.

CHARGING SOLUTIONS

BATTERY-POWERED TAVASCAN DRIVE

THE NEW CUPRA TAVASCAN REVOLUTIONISES URBAN MOBILITY, GRANTING THE LIBERTY TO NAVIGATE THE METROPOLIS WITH FINESSE. BOASTING FULLY ELECTRIC RANGE OF UP TO 100 KM IN ONLY 7 MINUTES CHARGING, IT INVITES YOU TO EMBRACE THE FUTURE OF DRIVING WITH CONFIDENCE.

CUPRA CONNECT

INTELLIGENT NAVIGATION

The Tavascan's 15" Navi System syncs with your CUPRA CONNECT services and gives you access to online maps, entertainment, music, voice recognition and more.

MY CUPRA APP

My CUPRA app transforms your interaction inside and outside of your CUPRA Tavascan. With just a tap, access and lock your vehicle remotely, command the air conditioning, manage the charging process, and navigate effortlessly by sending destinations directly to your car's screen.

TECHNOLOGY

PARK ASSIST MAGIC

Experience the ease of semi-autonomous parking with the Tavasca's Park Assist, designed to navigate tight spaces with precision at your fingertips.

AR-HEAD-UP DISPLAY

The Tavasca's augmented reality head-up display casts crucial information onto your windshield, overlaying data over the road ahead, ensuring focus and safety.

MATRIX LED CLARITY

Illuminate your path with the Tavasca's Matrix LED technology, an intelligent system that dispels the shadows and ensures your journey is bathed in clarity, not glare.

SMART LIGHT INNOVATIONS

Navigate with clarity as the Tavasca's smart lighting informs you in real-time, from call alerts to charge levels, all while guiding your drive with clear lane indications.

INNOVATION

SAFETY

TRAVEL ASSIST TECHNOLOGY

The Tavascan's Travel Assist redefines your journey, integrating adaptive cruise control, lane-keeping assistance and traffic jam assist for improving overall driving experience and Safety.

ADVANCED ALARM SYSTEM

The Tavascan's alarm system stands guard with a suite of protective features, including intrusion detection, impact sensors, and a high-intensity siren—all accessible via remote control for your peace of mind.

EXIT ASSIST

When reversing from a parking space, visual and acoustic warnings are provided if other vehicles are approaching. If the driver does not brake, the system brakes autonomously to avoid an accident.

LEISURE

This is the leisure side of CUPRA, where every accessory and service is crafted for your enjoyment. In this world environmental consciousness meets the thrill of the drive, blending entertainment, fun, and relaxation smoothly. This is your time to indulge, unwind, and relish every moment. With CUPRA, leisure is not just a pastime; it's an integral part of the journey, designed to enhance your free time and turn every trip into a pleasure-filled adventure.

ACCESSORIES

ROOF BOX

Constructed from tough yet light materials, it provides a generous 450 liters of storage capacity. Easily attached, perfect for your next adventure.

SURF RACK

Ready to ride the waves? The CUPRA Surf Rack effortlessly transports one or two surfboards along with their masts. This versatile rack adjusts to fit the unique size and shape of your boards.

CHILD SEAT

Keep your little ones safe and comfy on the road. Available for children aged 15 months to 12 years, ensuring a snug and secure fit from toddler to pre-teen. They child seats are easy to set up, are ergonomic and comes with adjustable headrests for extra comfort.

Our global range of cars and product specifications varies from country to country. Please, visit your local CUPRA website to know more about the product offer available for you.

SKI RACK

Heading to the slopes? This rack easily accommodates up to 6 pairs of skis or 4 snowboards. Its soft rubber padding ensures your gear stays protected. No extra tools needed for installation.

TOWING BIKE RACK

Bring everyone along on your biking trips with the tailored towing bike rack for your CUPRA Tavascan. Load up to 2 bikes at once and hit the road for thrilling adventures.

CUPRA CARE: COMPREHENSIVE ASSURANCE FOR YOUR JOURNEY

Invest in CUPRA exclusive care, specially designed to optimize your driving experience and ensure effortless electric adventures. Our aftercare commitment protects your CUPRA Tavascan, building confidence and allowing you to follow your passions worry-free.

SMALL PACKAGE

An excellent option to maintain your CUPRA in good condition, this package covers essential servicing. Plus, it's cost-effective and convenient for you.

MEDIUM PACKAGE

Designed for regular long-distance journeys, the Medium Package combines the Basic with extensive Service & Limited Maintenance, a 3-year Warranty, and Roadside Assistance, providing exceptional support on the move.

LARGE PACKAGE

The Large Package merges the benefits of Small and Medium with additional Tyre Replacement, Full Maintenance, and Insurance, providing a level of peace of mind and coverage that is incomparable by any other package.

WARRANTY EXTENSION

Boost your 2-year CUPRA warranty to 3 extra years or 100,000 km. All newly purchased vehicles come with this warranty extension, ensuring your driving pleasure from day one.

CUPRA ASSIST SERVICES

Benefit from 24/7 roadside assistance for ten years across the EU and adjacent regions, with a 2-year complimentary service from the moment you own a CUPRA.

RELAX INTO THE IMPULSE

With CUPRA Insurance, enjoy year-round coverage. Quick and efficient support, alongside reliable repair services, ensure swift resolution. In the event of vandalism or theft, a courtesy car guarantees your continuous CUPRA experience.

ENVIRONMENTAL INFORMATION

DRIVE PROFILE

This allows the customer to choose between different driving profiles that will change vehicle's behaviour. One of these profiles is the RANGE, which, among other actions, adjusts the climate control and changes the propulsion parameters to reduce energy consumption.

EXTEND BATTERY LIFE

By limiting the maximum SOC% (State of charge) of the high voltage battery to 80%. This function is not activated by default and reduce the vehicle autonomy.

Post-climatization: extends the battery life by regulating its temperature below 38°C if the charging level is above 80% for better storage.

LIGHTING

Headlamps and rear lamps are 100% LED, increasing life service by up to 10 times. For headlamps, power consumption is significantly reduced at least 30%, and the luminous flux effectiveness is increased at least 30% in comparison to a halogen lamp.

RECYCLED MATERIALS

Seat PURE configuration: Its seat central areas contains at least 97% of recycled textile.

Seat CONTRAST configuration: Its seat central areas contains at least 50% recycled microfiber.

ECO-ASSIST

Function PEA (Predictive Efficiency Assist) is a customer vehicle function to facilitate more efficient driving. The PEA provides the driver with information about upcoming events (speed limits, curves, motorway exits, etc.), that require deceleration. While driving with PEA active, the driver is asked to take their foot off the accelerator and an efficient coasting strategy is calculated to reach the event ahead at the optimum speed. During the coasting process, the operation switches between freewheeling/thrust and recuperation. This saves energy and increases range.

Move to ZERO, CUPRA's environmental mission
Climate Change. Resources. Environmental compliance.

Our global range of cars and product specifications varies from country to country. Please, visit your local CUPRA website to know more about the product offer available for you.

TECHNICALS

In the universe of the CUPRA Tavascan, technical mastery isn't just quantifiable; it's an ensemble of engineering feats. Within this domain, every nuance resonates with a commitment to superior performance, blending raw electric power with eco-conscious design.

*CUPRA Tavascan is currently not available for sale and pending on homologation. The technical data displayed are merely indicative and may vary. The available power (KW) and acceleration of the vehicle depends on the battery charge level and its temperature at all times. The pictures are used for illustrative and informational purposes only and may not correspond to the series production.

The electric range of the vehicle varies depending on a series of factors such as the orography of the terrain, the weather conditions, the state of charge of the vehicle (occupants + luggage), the age and condition of the battery, the optional equipment chosen (rims, tyres ...), the use of peripheral consumers such as heating, air conditioning or heated seats, and their driving style. The indicated autonomy is a provisional value and has been calculated in accordance with the WLTP regulation that establishes standard test conditions applicable to all manufacturers so that the values calculated following this regulation are comparable with each other for all vehicles.
